

Second Trip to the Philippines

Esther and Vincent return for a second time to the **Philippine** islands to visit **Tacloban City**, the most devastated area after **Typhoon Haiyan**. We distributed hundreds of rosary prayer beads to the victims of this pre-

dominantly Catholic city as well as 1,000 sarongs donated by friends from Indonesia. Based at R.T.

Romualdez Hospital, our team also visited patients by going from room to room. We joined our associate volunteers who were still at the hospital since November working daily to deliver relief goods to devastated areas. We worked alongside mothers, fathers and young people who volunteered to clean up debris from

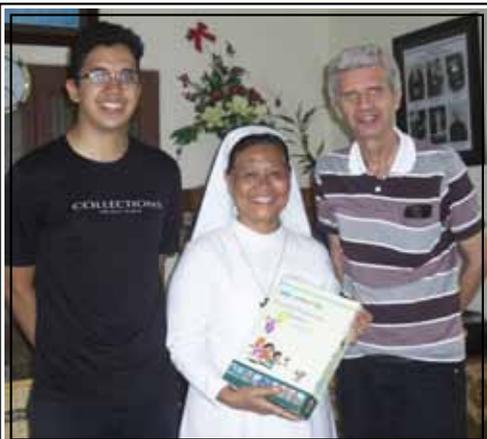

the storm that was scattered everywhere. Interacting with the hospital kitchen staff and volunteers, we offered

encouragement and hope. Our visit was truly a miracle and an opportunity to personally share a message of hope and salvation to many.

Team to Medan, North Sumatera

FCI volunteers Pierre & Andre spent 2 weeks in **Medan**. We visited 5 orphanages, distributing the STEPS character building curriculum sets as well as giving motivational talks to the older children. We also gave a substantial donation to "Sungai Air Hidup" orphanage to contribute to the maintenance and operation of their recently-completed school building.

Team to Kupang and Atambua

Volunteers Angel and Terry return to **Kupang, West Timor** to conduct 2 seminars for preschool teachers and provide educational materials.

We also traveled to **Atambua** to distribute over 60 kilos of clothing from infant to adults and school uniforms for children. Special thanks to United Bicycle who donated 10 bicycles which we distributed to 5 different schools in the area. With each visit we also provided snacks and activities for the children and take the time to interact with them personally.

Aid to Flood Victims in Jakarta and Manado

FCI Volunteers are collecting aid and distributing it to various flooded areas in Jakarta and Manado. This is an ongoing project due to the continuous flooding in these areas through the month of January. We would like to offer a special thank you to those who have donated for this effort. **Any further funding towards this flood relief project is still greatly appreciated.**

Family Care Indonesia expresses its gratitude to all of our friends whose generous support has made possible the projects featured in this report. We find great satisfaction in working in a country where being of service to one's fellow man and helping those in need is highly valued. As a non-profit volunteer organization, all of our activities are funded through the support of those who share our vision. We warmly welcome your participation. Together we can make a difference!
