Yayasan Kasih Anak Kanker Indonesia (YKAKI)

This month we had the very special opportunity to invite Miss Indonesia 2009, Kerenina Sunny Halim, to join us on our routine visit to YKAKI home for children with cancer. We were happy to have Ms. Halim with us and the children were very appreciative of the warm and kind attention she gave them.

We also took the opportunity to deliver photos of all the children and their parents which we had framed.

TIMOR - NTT

Health & Education projects in Atambua

Education: Building on our educational projects of the past 4 years in NTT province, which has included overseeing the construction of a new school building in Atambua, we delivered quality metal desks and chairs to this school. Donated by a sponsor in Jakarta, they will greatly improve the quality of education. We hope to ship many more to this region in the near future

We also donated character building videos and study books to the Santa Angela school in Atambua.

Health: Our team also met with the head of the Bapeda (Agency for Regional Development) of Atambua to present an offer from a health unit in Bandung to donate their services in repairing harelip for children with this condition in Atambua.

The Bapeda and FCI are now working on a time frame for the project.

Helping a Needy Orphanage

We received a call from Kasih Indonesia, an orphanage with about 80 children under their care. They told us they were facing a food shortage as they are relocating their orphanage and were investing the little funds they have in the making of the new building.

We responded immediately by calling some of our friends and sponsors and gathered a large amount of food. We delivered the supplies along with a short program of songs and a motivational talk.

It was very rewarding for us to see the smiles on the little ones faces. I little bit of help goes a long way

Other Activities in May

During a visit to **Pontianak**, an FCI team delivered educational material including children’s books and a set of bilingual videos at Teresa Bakti orphanage.

FCI volunteers also helped coordinate and partici-

pated in ISCI’s (International Sports Club of Indonesia) annual **Jakarta Race Series** event. We also brought 20 children and adults from Yayasan Bina Sejahtera orphanage to participate alongside us.
