

Singkawang, Kalimantan

Angel and Cresse travelled to Singkawang, West Kalimantan to hold a seminar on Character building with 120 teachers from many regional schools. The teachers were so thankful for the help and each received a set of STEPS Character Building curriculum material to use with their students. They conducted events and gave away shirts and

hats which inspired everyone. They hosted several inspirational meetings with parents and people from the area. Special thanks to One Team Foundation for their help with this program.

Visit to Nusa Tenggara Timur

Esther, FCI volunteer, travels to Nusa Tenggara Timur for a few days to visit a medical clinic in Atambua. Thanks to the generosity of sponsors we distributed 150 packages of food staples to the elderly. Esther and team consisting of 6 people travelled 3 hours to reach the border mountainside town where they distributed the packages. This visit is also in preparation for delivering medical supplies to a clinic that is operated by the Catholic Sisters.

Bandung, West Java

FCI volunteers visit a school in Bandung to deliver a copy of the STEPS Character Building curriculum set.

Return to Aceh

FCI volunteers first arrived in Banda Aceh on January 2, 2005, just 7 days after the tsunami of December 26, 2004, one of the worst natural disasters of modern times. Now we're back in June of 2013 a little more than 8 years since that first trip. We can't help but reminisce and think back to that first trip and compare with now. This trip in June is very special to us; we were invited by a friend who we met after the tsunami to attend his daughter's wedding. This was not any particular special social project but an opportunity to visit friends and see firsthand the fruits of our efforts. Some of our main projects in Aceh consisted of:

- Disaster Relief Response, translations for medical teams and channeling of humanitarian aid
- Boat building
- 24 hour free medical clinic with ambulance for 2 years
- Livelihood project, construction of restaurant and agriculture farm

We were happily impressed to see the progress made in Banda Aceh and generally there seemed to be an atmosphere of hope and vision for the future and we are thankful that we could play a part in this outcome.

Medan

FCI volunteers Pierre & Andre visited 6 orphanages in Medan where they distributed STEPS character building kits. Additionally they spent time interacting with the children and caretakers, giving the caretakers motivation and engaging in fun activities with the children. They also revisited "Sungai Air Hidup" Orphanage, who they assist materially on a regular basis, particularly towards the construction of a school for them.

Family Care Indonesia expresses its gratitude to all of our friends whose generous support has made possible the projects featured in this report. We find great satisfaction in working in a country where being of service to one's fellow man and helping those in need is highly valued. As a non-profit volunteer organization, all of our activities are funded through the support of those who share our vision. We warmly welcome your participation. Together we can make a difference!
