ACTIVITY REPORT

SOCIAL PROJECT IN ANYER & BOGOR

FCI in cooperation with the "Santo Antonius" clinic conducted a social project this month in Anyer, Banten. Lower income families received free medical treatment, main food staples and FCI volunteers performed activities for children and adults. The first night we also showed an educational film and performed a short drama followed the next day with a puppet show and interactive games for the children.

All the participants were very thankful for the attention and assistance. We appreciate the supports of our friends who helped to make all this possible.

The second event was held at the Heesu Cahaya Cinta foundation in Cileugsi, Bogor which is an institution for handicapped children. Low income families from the community gathered for free medical treatment along with a food distribution of the main staples. We had a special recognition for the staff and children of the foundation and then they all enjoyed the puppet show and interactive games. Everyone was very happy with this event and we all shared a small snack together as we took time to get to know everyone.

Thank you once again for the sponsors who participated in this activity.

Family Care Indonesia is a nonprofit, volunteer organization. Each of the activities you have just read about was made possible through donations from businesses, associations, and concerned individuals. If you would like more information about Family Care Indonesia, or if you would like to help sponsor Family Care Indonesia volunteers or projects, including those mentioned in this report, please contact us at our address.
