Children in the village

After arriving in **Kupang** we visited a village near the ocean where most of the people are fishermen. We had a fun time singing with the children in the village teaching them songs and distributing gift bags to each of the children.

From Kupang we went to **Atambua**, where we spent a few days visiting with the school teachers and children at the **Primavera School**. (This is the school that FCI helped to build in Atambua) We distributed gift bags to the children and had story time together. Thanks to sponsors we were able to give a financial gift to help cover the cost of renovation on the school building.

While in **Atambua** we also contacted some of our friends and visited the local prison with them. We gave a motivational talk to all the inmates and spent time to get to know some of them personally. Special thanks to all those who helped to make this visit possible.

SECOND TRIP TO ATAMBUA

Our December program focus was on bringing Christmas gifts for the children in **Nusa Tenggara Timor (NTT)** since this is predominantly a Catholic area. Most of the children in NTT have never had an opportunity to really enjoy the spirit of Christmas giving and spreading love. This was our aim in going to these remote mountainous areas of NTT. We collected 1000+ stuffed toys, colored pencils and vitamins to make packages as gifts for the many children we visited. For many children, our visit was the first time for them to receive a gift for Christmas. We visited 4 primary schools in 4 villages and distributed 2000 Christmas posters, 100 Christmas story books and 100 Activated books. Thank you to our wonderful friends who made this program possible.
